Tyler Union and M&H Valve Company see hundreds attend trunk or treat event

Community comes together at Anniston Operation's event

Anniston, Ala. (October 25, 2025) – Hundreds gathered at Tyler Union's Anniston facility on Saturday, October 25, for Anniston Operations' Community Trunk or Treat.

The family-friendly event was a joint effort between Anniston-based McWane, Inc. divisions Tyler Union and M&H Valve Company — bringing together employees, their families, and those from the surrounding communities.

"This event was a great way for us to connect with those around our operations and show appreciation for our neighbors in the area," said Anniston Operations Vice President and General Manager Jon Pollard. "It's rewarding to see our team members coming together to create such a positive experience for the community."

Team members from both facilities decorated trunks and handed out company-provided candy to local children and families. A bounce house was also on-site, as well as Let's B Sweet food truck and refreshments from JARS Lemonade & Fruit.

McWane, Inc. Anniston Operations extends its gratitude to all who attended and looks forward to continued engagement with the surrounding community in the future.
